PROFESSIONAL SUMMARY

Proactive and passionate **Full-Stack Developer** with practical experience in designing and developing modern web applications using **React.js, Vue.js, PHP (Laravel), Python and MySQL, MongoDB**. Skilled in transforming requirements into **responsive, user-centric, and reliable software solutions** across frontend and backend layers. Strong understanding of **API integration, database management, debugging, and application development**, complemented by a structured approach to problem-solving. Known for being a **quick learner, adaptable team player, and technology-driven developer** committed to delivering quality software and continuously improving technical skills.

TECHNICAL SKILLS

- **Frontend:** React.js, Vue.js, HTML, Tailwind CSS, JavaScript.
- **Backend:** PHP (Laravel), Python.
- **Database:** MySQL, MongoDB.
- **Tools:** Git, Bitbucket, Visual Studio Code.
- **AI Tools:** Claude, Stitch, Nubeta.

EDUCATION

Master of Computer Applications (MCA) 2024 - 2026
K.L.N. College of Engineering, Anna University | CGPA: 8.3

Bachelor of Science in Information Technology (B.Sc. IT) 2021 – 2024
The Madura College, Madurai Kamaraj University | CGPA: 6.5

Higher Secondary Certificate (HSC) 2021
Percentage: 76%

Secondary School Leaving Certificate (SSLC) 2019
Percentage: 71%

PROFESSIONAL EXPERIENCE

Software Development Internship - VIBI Software Solutions, Madurai Jan 2026 - Jun 2026

- Developed and enhanced **responsive web applications** based on business requirements and functional specifications.
- Contributed to **end-to-end application development**, including frontend implementation, backend integration, and database operations.
- Performed **manual testing, debugging, and bug identification** to improve application quality and reliability.
- Applied **problem-solving and troubleshooting skills** to identify application issues and support effective solutions.

PROJECTS

Hospital Management System (HMS)

- Developed a **multi-tenant healthcare platform** to manage patients, appointments, prescriptions, and billing.
- Implemented **Role-Based Access Control (RBAC)** for Admin, Doctor, and Patient.
- Integrated **AI-powered symptom analysis** for preliminary clinical support.
- Designed a **centralized architecture** to manage multiple hospitals efficiently.
- **Tech Stack:** Python, React.js, MySQL, REST API.

School Management System (SMS)

- Developed a **centralized web and mobile platform** for managing complete school operations.
- Implemented **multi-branch architecture** for centralized management of multiple schools.
- Built role-based modules for **Admin, Teachers, Students, Parents, and Staff**
- Covered key workflows including **admissions, attendance, examinations, fees, transport, and communication**.
- **Tech Stack:** PHP (Laravel), Vue.js, MySQL, REST API.

DECLARATION

I hereby affirm that the information presented in this resume is **true, accurate, and complete to the best of my knowledge**.
